

TECHNICAL DATA SHEET

Cockpit Spray

Cockpit Spray with orange cleans, polishes and preserves dashboards, rubber, plastic, wood, leather and synthetic parts in the interior of cars (e.g. cockpits, rubber mats and vinyl roofs).

Cockpit Spray with orange is flexible and silicone-free.

- special active substances make the synthetic material last longer
- protects from dirt, frictional electricity and moisture
- makes parts that have been treated appear as new and gives protection from ultraviolet radiation
- spreads a pleasant smell in the car
- dust-repellent

Use:

Shake the aerosol vigorously before use.

Spray the parts to be treated economically and rub the substance in immediately with the help of a soft cloth applying no pressure at all. This gives the parts a lasting, easy-care and dust-repellent mat finish.

Do not spray the steering wheel, pedals, seats and backs!

Content of aerosol can:

400 ml
